Todo Santos Vacation House – 7 nights in a 3 bedroom and 3 bath home. 300 yards from the beach. Todos Santos is a pueblo magico with many great art galleries, fine restaurants, and a laid-back feel. It is a great place to relax and get away for awhile. You can hike, bike and whale watch (February is a great month for the whales). The climate is dry, warmer in winter than other Baja locations, and cooler in summer. Donated by Samantha Smith & Paul Fatheree

Dreamscape by Nancy Head

Dreamscape was created in the ancient Japanese process of Suminigashi. Suminigashi is the process of applying ink to water by the frequent dipping of brushes which form rings of color. It is painting on water and as more ink is applied or the breath of the artist or any movement disturbs the surface the shape responds. A thin Japanese paper is laid on the water surface to receive ink. The resulting image is flowing and elegant. Donated by Nancy Head and Frame-O-Rama
